2.7 and special permission report in accordance with Minnesota Rules, part 8710.0310, subpart
2.8 8. The severity of a licensure shortage area is determined by the percentage of teachers
2.9 working in a licensure field not holding a Tier 3 or Tier 4 license in that field where there
2.10 are at least ten teachers in the economic development region working within that licensure
2.11 field.

3.20 \$7,500 based on the amount of available funding, the number of eligible applicants, and the
3.21 financial need of the applicants.

3.22 (c) In order to improve all students' access to effective and diverse teachers under sections
3.23 120B.11 and 124D.861, a percentage of the total award funds available at the beginning of
3.24 the fiscal year must be reserved for student teachers belonging to a racial or ethnic group

4.3 for this program is insufficient to make full awards to eligible applicants, the commissioner
4.4 must give priority for awarding grants to applicants pursuing the most severe licensure
4.5 shortage areas in their respective economic development regions.

4.6 Subd. 4. **Creation of account.** A student teacher grant program reserve account is
4.7 established in the special revenue fund. Money in the account is appropriated to the
